

## **Visy People Connect (VPC) - What is it?**

A system to link the management of all people processes and activities electronically, from recruitment to leaving the business, and all the processes in between. The implementation of VPC is a key strategic enabler to deliver the Visy People Plan. Some benefits of the system are having transparency of data, a better and cleaner ESS and MSS, creating a more efficient shared services module, easier access to essential information within one system, consistent and efficient HR (Human Resources) processes.

## **Login to Visy People connect – How to navigate?**

You can login to VPC by clicking on this link: <https://visy.me/vpc>

## **Uses of VPC:**

- Manage all personal information (Emergency Contact, Contact details like phone, email & address)
- Learning Management Solution (Complete all your training)
- View Pay Slip
- Update Bank Information
- View Payroll related data
